

Liaison America and Smart College Group global education partnership programs provide English language immersion, academic programming, and international cultural experiences around the world.

Our tailor-made programs typically enroll 25-30 participants for 2-5 day workshops, designed with educational and cultural activities in each location and country.

A Global Education Partnership

We create custom experiences for:

- High school students (LLL Camp: Language, Leadership, and Liaison)
- College students (Study abroad)
- University administrators (Faculty exchanges, professional workshops, teaching abroad)
- ESL students and adults (Instrumental, online, immersive)
- College and University International Recruitment Opportunities

Professional workshop programs include:

- Course administration, credit, matriculation
 - Financial aid/tuition management
 - Higher education administration
- Language and international student needs
- Enrollment programming, structure and management
- Custom topics based on your organization's specific needs

"The LLL Program was a highwater mark in my life. Learning a new world made me an open-minded person and gave me a spirit of personal empowerment which has made me believe that I can reach my goals. I made my dream come true! And it was much more than I ever expected: I got a full scholarship to an American university!

João Victor Quintanilha, LLL Camp, January 2017
Received a full scholarship from Bluefield College after his LLL Program

With current and developing programs in the United States, Brazil, England, Scotland, Finland, India, China, and Qatar, we are constantly expanding our global outreach.

Sandra Lima Argo

Liaison America
Founder/Director of Programs
Blacksburg, Virginia
